[Marvel Zombies](#)

by: Kirkman, Robert
741.5 KIR

They're dead! They're all dead! In Marvel's sadistic epic, *Marvel Zombies*, the good guys no longer wear black; they eat red meat, including you! *Marvel Zombies* takes place in an alternate reality where Super Heroes are infected by a virus that turns them into the walking dead. Some are able to fight back, but only a few live on to fight for the day when some Super Heroes will survive and some will become Marvel Zombies. This horrific zombie tale will transform the Marvel Universe into something unlike whatever you have ever read before. If you're ready to take this journey through zombie land, then step up and read this story and once you start you won't stop until they're all dead!
